Azbell Sports Video tackles the Texas High School Coaches Associations annual convention in Austin, TX

AUSTIN, Texas — July 31, 2006 —Azbell Sports Video, a division of Azbell Electronics, headed to Austin, Texas July 31st to Aug 2 to market their audio/visual equipment at the annual Texas High School Coaches Association conference. Azbell Sports Video featured several of their specialized sports electronics such as the Robo-End Zone remote end zone system, the Touch-A-Down illuminated down marker, the Coaches View dual digital video and their customized sports team web design services. Calvin Tucker, retired football coach for Shiner Texas says, "The End-Zone is the best one of its kind out on the market today and the Dubber would make life a lot simpler for coaches." Being a long time client with Azbell Sports Video, he adds, "We've always had great service from Azbell." There were an estimated 11,000 coaches from the central Texas area that attended the event.
